

CAKE

Online Ordering
is a Piece of Cake.

ONLINE ORDERING

Online ordering is growing 300% faster than dine-in traffic. Take advantage of this additional revenue stream, eliminate 3rd party fees, and manage orders directly from your CAKE POS.

Contact your Sysco Sales Consultant to learn more.

Customer Satisfaction

ONLINE PRESENCE

Add Online Ordering directly to your website and Facebook page.

REDUCE ORDER ERRORS

Customers can see order details as they add items.

FASTER CHECKOUT

One-screen checkout with option to add a tip.

Serve More Guests

Increase Revenue

Restaurants receive 32% more online orders than by phone alone.

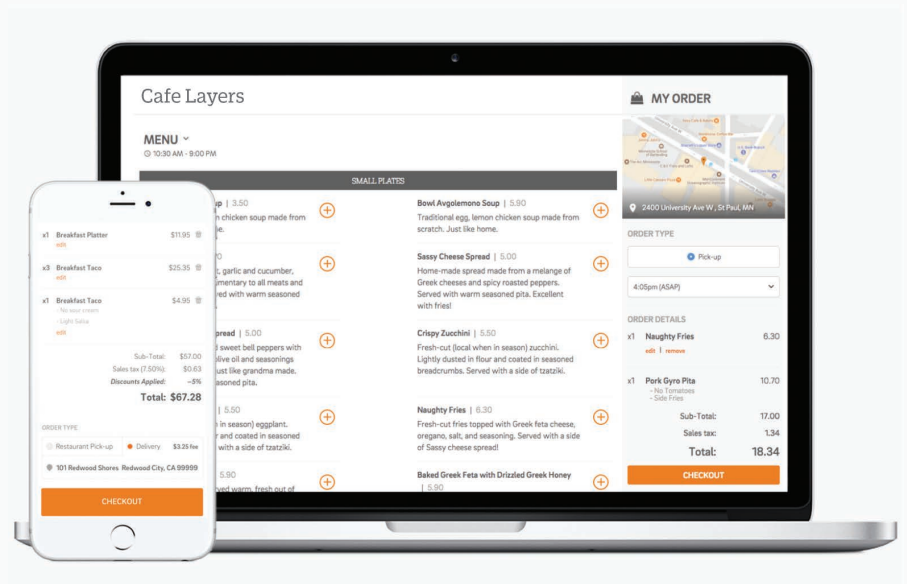

Simplify Operations

With one click you can accept orders and send them to the kitchen, all while tracking stock items in real time.

Bottom Line Impact

Easily identify profit by reporting online orders separately from dine-in orders.

Online Ordering Integrates Seamlessly with CAKE Point of Sale

\$0 /mo

5% processing per order

"Before Online Ordering, we were a hidden gem. But now...people anywhere in San Francisco can order our food."

Karim S - Carmelina's Taqueria of San Francisco, CA
